The Impact of Giving

At the Texas Therapeutic Riding Center, every donation helps transform lives through the unique and healing connection between humans and horses. Whether it's a child learning to build confidence, a veteran finding peace, or an individual with disabilities gaining independence and competing in their first horse show, your support makes these life-changing moments possible. Together, we can continue to create opportunities for growth, healing, and hope in our community.

We are a community where horses heal. At Texas Therapeutic Riding Center, individuals with diverse needs experience the healing power of the horse through equine-assisted activities and therapies, facilitated by a professional and passionate community. We provide services to 50 people every week, from children with special needs to adults recovering from trauma. These sessions help build strength, confidence, and resilience while fostering a deep connection with our therapy horses.

Did you know?

- It cost \$275,000 to run TxTRC in 2025. We rely heavily on donations to cover costs.
- Each riding lesson costs TxTRC about \$113, but we charge riders a subsidized rate of only \$55. We hope to offer rider scholarships and grants in the future to make our program more accessible to everyone in the community.
- Each horse costs approximately \$1,000/month just for routine care.
- We rely heavily on our amazing volunteers, and last year we had over 12,000 recorded volunteer hours in barn labor and lesson help.

How to Help

Your contributions fuel this mission, from feeding and caring for our therapy horses to maintaining safe, high-quality facilities and top-notch instructors and staff. Without generous donors like you, these vital programs would not be possible.
